Draft Minutes, Town Board Work Meeting, August 7, 2018

The Work Meeting of the Town Board of the Town of Rensselaerville was held on the 7th day of August 2018 at 7:00 in the evening at the Rensselaerville Town Hall, 87 Barger Road, Medusa, NY. The meeting was convened by Supervisor Steven Pflieger and the roll was called with the following results:

PRESENT WERE: Supervisor Steven Pflieger, Councilwoman Marion Cooke, Councilman John Dolce, Councilman Jason Rauf, Councilwoman Margaret Sedlmeir, Town Clerk Victoria H. Kraker

Also present were two interested citizens.

AUDIENCE COMMENTS

Marie Dermody wished to comment that at July's meeting the motion to hold a meeting for the purpose of conducting interviews for the Code Enforcement Officer/Building Inspector/Zoning Officer position was not identified as a Special Meeting. In addition, the Legal Notice which was placed in the *Altamont Enterprise* read that other matters, if any, before the Board would also be addressed. The Town Clerk did not notice the "special meeting" on the Community Calendar. Mrs. Dermody's position was that the meeting was not properly disseminated to the public. **[Editor's Note: Nor did this advertisement appear on the Town's website Announcements page. I was told that the Town Clerk and/or Supervisor didn't think anyone would be interested in attending such a meeting. I contend that it is not their decision to make. All meetings should be appropriately advertised so that individuals could decide for themselves whether or not to attend.]**

MINUTES: Minutes to be accepted at the Regular Meeting on August 9, 2018:

* July 10, 2018 – Work Meeting

* July 12, 2018 – Regular Meeting *

*A correction needs to be made on page 6 "Old Business No. 1" to add: "A question was raised as to whether or not it was required that the Solar Committee have a quorum in order to hold a meeting." Attorney Fallati will check into the matter."

TRANSFERS, VOUCHERS, AND BILLS: Transfers will be addressed at the Regular Meeting on Thursday.

CORRESPONDENCE: Any correspondence will be presented on Thursday.

REPORTS: The regular reports from the Supervisor, Attorney, Highway Department, Town Clerk, Code Enforcement-Zoning Officer/Building Inspector, Assessors, Water/Sewer Committee, Recycling Center, and Library will be given at the Regular Meeting on Thursday.

OLD BUSINESS

1. Councilman Rauf reported that the last Solar Committee meeting was canceled due to scheduling conflicts and that one would be rescheduled for the near future.

2. Supervisor Pflieger, Councilman Rauf, Jeff Budrow from Weston & Sampson Engineering, the CCTV crew, the diving crew, and the Huyck Preserve met on Friday July 27th at the Lake Myosotis dam. The diver located the pipe on the lake side approximately 20' out and tied a buoy to the end so that it could be located easily in the future. The CCTV camera crew located a crack in the pipe about 10-20' up from the gate-house. Supervisor Pflieger has not yet received any further directives or suggestions for a remedy thus far.

In addition, the survey overview did not detect any notable movement in the dike.

(Continued from page 2)

3. Supervisor Pflieger forwarded the specifications on the health insurance renewal to the Union representative for his review. Supervisor Pflieger examined Albany County's health care consortium and noted that it doesn't touch the Town's plan. He will contact Albany County Executive, Dan McCoy to confirm if the Town is eligible to participate in the Shared Services health insurance.
4. The Board interviewed four candidates for the position of Code Enforcement Officer/Building Inspector/Zoning Officer. It was the consensus of the Board that all the candidates interviewed well.

TOWN BOARD COMMENTS

1. Supervisor Pflieger has spoken to a regional manager from Stewart's shops. They require a synopsis as to why a Stewart's would work in the Town and the mileage from a selected location to all nearby gas stations. Supervisor Pflieger is looking into two locations – one at the intersection of County Routes 357, 351 and 402 where the mileage ranges from 8 to 11 miles; the other location being at the intersection of State Routes 145 and 81 where the mileage ranges from 4 to 11 miles to the next nearest gas station.

Discussion ensued over tax incentives and other alternatives and options.

2. The Board would like to set a preliminary meeting for the purpose of discussing the budget. The date will be set at the Regular Meeting on Thursday.

AUDIENCE COMMENTS

Marie Dermody inquired as to what Attorney Fallati had determined regarding the requirements of a quorum for the Solar Committee meetings. Councilman Rauf stated that Attorney Fallati's response was that a quorum is not required for general discussions, but did however, recommend that if a vote is scheduled, there should be a quorum at that time.

Supervisor Pflieger and Councilman Rauf added that the Solar Committee is an informational committee; the Committee reports to the Board. As the Town Board serves as the decision-maker, there is no requirement for a quorum.

ADJOURNMENT

A motion was made by Councilwoman Sedlmeir to adjourn the meeting at 7:33 pm; 2nd by Councilman Rauf.

Motion carried: Ayes (5) Pflieger, Cooke, Dolce, Rauf, and Sedlmeir; Nays (0)

RESPECTFULLY SUBMITTED;

Victoria H. Kraker
Town Clerk

CORRESPONDENCE

Supervisor Pflieger wished to announce a fund-raiser to help defray medical expenses being incurred by Rachel Kuhar as she fights a brain tumor. The fund-raiser will be held at the Shell Inn on August 30th from 6-10pm.

REPORTS

SUPERVISOR

1. Supervisor Pflieger has been working with interim Code Enforcement Officer/Building Inspector/ Zoning Officer Ed Lawson. An update was performed by BAS on the software program which had not

(Continued on page 5)

Draft Minutes, Town Board Regular Meeting, August 9, 2018

(Continued from page 4)

been done about 5 years. BAS also updated the fees according to the new fee schedule.

2. The Town has been re-registered for the System for Award Management account (SAM). SAM registration is mandatory and is used to streamline the acquisition of grants, loans, and contracts.

3. Supervisor Pflieger is awaiting a date when the Department of Environmental Conservation will come to inspect the property on County Route 354 in Potter Hollow.

A motion was made by Councilman Rauf to accept the Supervisor's report; 2nd by Councilwoman Sedlmeir.

Motion carried: Ayes (4) Pflieger, Cooke, Rauf and Sedlmeir; Nays (0); Absent (1) Dolce

ATTORNEY: No report.

Councilman Rauf questioned Attorney Fallati regarding the requirements for a quorum for the Solar Committee. Attorney Fallati reported that the Solar Committee is purely an advisory board and is therefore not subject to the Public Meetings Law and a quorum is not required.

HIGHWAY DEPARTMENT

1. Superintendent Bates reported that Potter Hollow was the hardest hit by the recent heavy rains.

2. The Highway Department is finishing up with reclaiming Cheese Hill Road, Stiefel Lane, and Travis Hill Road.

3. The rains have caused delays with the in-place paving contracts. The Town is now looking at September 5th & 6th for the work on Camp Medusa Road and Miller Road to begin.

4. The Highway Department has been hauling asphalt millings. The County is giving it to the Town at no-charge. In the past, the Town has paid approximately \$5.00/ton. This week, the Highway has hauled about 1,000 tons. Superintendent Bates is pleased to have the millings as they serve as an excellent material in stabilizing the dirt roads.

5. Superintendent Bates received a quote from Finke Equipment on a Doosan wheeled excavator. It is equivalent in size to the one the Town has now with the addition of a hydraulic thumb and quick couplers as well as an articulating bucket. The quote came in at \$165,000 with an offer of \$16,500 for a trade-in on the two existing ones, bringing the total out-of-pocket to \$149,000.

Superintendent Bates will move forward with obtaining additional quotes.

Councilman Rauf suggested the possibility of sharing an excavator with neighboring Towns. However, Superintendent Bates feels that an excavator is an essential piece of equipment, along with a grader and a loader, and is something each Highway Department should have. He noted that 'when you need it, everyone needs it'.

A motion was made by Councilwoman Cooke to accept the Highway Superintendent's report; 2nd by Councilman Rauf.

Motion carried: Ayes (4) Pflieger, Cooke, Rauf and Sedlmeir; Nays (0); Absent (1) Dolce

TOWN CLERK: Town Clerk Kraker reported for the month of July as follows: Town Clerk Department – Total Collected \$749.25. 1. Assessor Pine reported a significant jump in real-estate sales – both land and homes – recently.

A motion was made by Councilman Rauf to accept the Assessor's report; 2nd by Councilwoman Cooke.

Motion carried: Ayes (4) Pflieger, Cooke, Rauf and Sedlmeir; Nays (0); Absent (1) Dolce

WATER/SEWER COMMITTEE

1. Town Clerk Kraker read a written report submitted by Water/Sewer Operator John Rice for the month of July as follows:

* The Water Treatment plant filtered 494,000 gallons – a daily average of 15,935 gallons.

* The Sewer Treatment plant processed 326,880 gallons – a daily average of 10,544 gallons.

Officer Rice also reported that there may still be issues with the control panel at the sewer plant as the low-alarm tripped 5 times during the month of July.

A motion was made by Councilman Rauf to accept the Water/Sewer Committee's written report; 2nd by Councilwoman Cooke.

Motion carried: Ayes (4) Pflieger, Cooke, Rauf and Sedlmeir; Nays (0); Absent (1) Dolce

REFUSE/RECYCLING

1. Supervisor Pflieger read the following written report for the month of July as follows: Rensselaer Iron & Steel: 11.68 tons; City of Albany Landfill: 77.97 tons; Sierra Fibers: 7.81 tons comingled and 5.79 tons old cardboard containers; Oil: 19 gallons; Tires: 12 (4 of these were picked up off of Gulf Road)

A motion was made by Councilman Rauf to accept the Recycling Coordinator's report; 2nd by Councilwoman Sedlmeir.

Motion carried: Ayes (4) Pflieger, Cooke, Rauf and Sedlmeir; Nays (0); Absent (1) Dolce

TOWN OFFICES CLOSED

Outdoor Fire Pits

What is an approved fire pit?

A fire pit is a device built or manufactured for small recreational fires. A portable, above ground fire pit should be commercially manufactured and should be assembled and used according to the manufacturer's instructions. A permanently constructed fire pit or fireplace must be constructed or completely lined with a non-combustible material such as brick, rock, concrete or heavy gauge metal. Most commercially manufactured ones will be acceptable.

Building a fire pit can be as simple as circling stones in your backyard or as complex as a professionally built unit on your patio. Either way, keep safety in mind. Here are some fire pit safety tips*:

DO

- **Build your fire pit on a level surface** - Make sure the ground or surface is even to reduce the risk of fire escaping beyond your fire pit.
- **Keep the fire at a safe distance** - To keep your fire from causing damage, build the fire pit at least 10 feet from your home, fences, trees and the like.
- **Monitor guests around fire pits** - Make sure guests maintain a proper distance and don't exhibit risky behavior. Keep close tabs on children and pets, keeping them at least 3 feet away from the fire.
- **Check the weather report** - Avoid using your fire pit on windy days, since flames or embers can spread to your home, yard and nearby trees. Check the wind direction before you light a fire.
- **Put your fire out safely** - Once you extinguish your fire with water, gently stir and spread the ashes to cool. Leave only when they're cool to the touch. Know how to safely dispose of the ashes when you're done with the fire for the night.
- **Have an emergency plan** - Keep a fire extinguisher, garden hose or bucket of sand close to douse the fire in case it gets out of hand. If you can't put it out quickly, call 9-1-1.

DON'T

- **Use gasoline or lighter fluid** - Never use gasoline or kerosene to start your fire; such fuels can cause a fire to get out of control quickly. Instead, use dry wood as kindling that doesn't extend beyond the edge of the pit.
- **Build a fire pit with river stones** - Smooth stones from river beds may have absorbed moisture over time and can heat rapidly and explode. Instead of river stones, build your fire pit with dry, rough stones.
- **Leave a fire unattended**
- **Don't wear flammable clothing** (like nylon) or any loose-fitting clothing.
- **Avoid using soft woods like pine or cedar**, because they can "pop" and throw sparks.

It is at the discretion of the Fire Department personnel having been authorized by the Chief of Department to prohibit or caused to be extinguished any fire deemed hazardous.

Senior Citizens Info

The Town offers car service Mon-Fri by appointment only. Contact Town Hall at 239-4225 or 797-3798 for doctor appointments. The Senior bus also goes shopping on Thursday either to Cobleskill or Catskill. Call Ruth & Tom Snyder (239-4376) the day before about riding the bus if you are interested.

The Town of Rensselaerville Senior Citizens meet the 2nd Tuesday of every month at Medusa Fire House at noon. Anyone 55 years of age and older can join. Dues are \$8.00 a year and are due in June. We collect \$1.00 a month at the meeting for coffee, milk, etc. Please bring a covered dish to share. We eat promptly at noon and the meeting commences afterward. We have a picnic in August; in November, we have a Thanksgiving dinner at a local restaurant; and in December we have a Christmas dinner also. We have bus trips in the summer and fall. For further information, call Tom Snyder, President, at 239-4376.

Please note that we are in desperate need of drivers for the bus and the car. Please call Town Hall at 239-4225 if you're interested in volunteering as a driver for our senior citizens..

2018 SUMMER SERVICES AT RENSSELAERVILLE PRESBYTERIAN CHURCH

The Rensselaerville Presbyterian Church announces its schedule of summer services every Sunday from July 1 through September 2. Services are held at 11:00 a.m. in the church located on Main Street (County Route 351) in Rensselaerville. Everyone is welcome.

Each year, clergy from different faith traditions are invited to deliver sermons on a common theme. The 2018 theme is "And Still We Rise", after the poem "Still I Rise" by Maya Angelou. The theme honors the 50th anniversary of the death of Rev. Dr. Martin Luther King, Jr. and recognizes the plight of immigrants, refugees, the oppressed, and the poor.

September 2 "After the Fall"

Elder Barbara G. Wheeler, former President, Auburn Theological Seminary, New York, NY

The tradition of summer-only services at the Presbyterian Church in Rensselaerville goes back more than 100 years. For a short period in the second half of the 19th century, the village was a lively industrial town as the first site of the Huyck Woolen Mills. When founder and Presbyterian Church member F. C. Huyck Sr. moved his mill to Albany, he did not sever ties with the village or the church. But as jobs left with the mill so did many of the village residents, leaving the church without enough members to maintain a year-round pastor. However, the Huyck family returned each year to vacation and provided for a pastor during their stay. It was F. C. Huyck Sr.'s granddaughter, Katharine Huyck Elmore, who in the middle of the 20th century expanded the vision of the summer services to other faith traditions and invited ministers, rabbis, priests and nuns to fill the pulpit.

The Rensselaerville Presbyterian Church is a nationally recognized example of Greek Revival architecture dating from the 1840s and is listed on both the National and State Registers of Historic Places.

More information about each week's guest preacher and the church may be found on its website: www.rvillepres.org. Comments and questions may be sent to rvillepreschurch@gmail.com.

In the immediate aftermath of the attacks, [President George W. Bush](#), proclaimed Friday September 14, 2001, as a **National Day of Prayer and Remembrance for the Victims of the Terrorist Attacks on September 11, 2001**.

Is this website safe? Follow these easy tips

Phishing scammers have gotten very good at creating fake malicious sites that look just like the real ones they're impersonating. We've got a few easy-to-follow tips you can use to unmask the fakers — and save yourself a heap of trouble.

Phishing [scams](#) use [social engineering](#) to trick users into downloading [malware](#) or giving out sensitive data. One infamously popular method is to create a phony lookalike website that is then used to trick you into entering your login credentials or account info.

Short of sending you to a decoy site designed to capture your keystrokes, social engineering can also lure you to an infected website that downloads malware into your system. Or you could be presented with a malicious link that, once clicked, grants remote permissions to a cybercriminal. Nobody wants to be this kind of victim.

The good news is that nobody has to be. The **3 website safety tips** below will clear away the uncertainty and teach you how to identify if a site is trustworthy or not. First, you'll learn a couple of simple visual checks that give you useful info at a glance. Then, we'll explain the website safety tools you should have in place to inform and guide you. Finally, we'll tell you how to research a little deeper should any questions still remain. Now let's get savvy and put the fun back into web surfing.

1 - Website safety visual checks

- √ **Double-check those URLs** — Let's start with the easiest tip. It's really no more difficult than making sure the URL looks legit. Before you click any link, hover your cursor over it and look at the bottom left corner of your screen where the URL is displayed. The first trick of [phishing](#) is to look as authentic as possible. At first sight, the URL might look like the real McCoy, but closer inspection may reveal a 1 instead of an l, or [.net](#) instead of [.com](#). Train yourself to sanity check each and every URL before you click or before you enter any personal information like a username and [password](#).
- √ **Check for [https](#)** — Those letters you see at the start of every URL stand for Hypertext Transfer Protocol (http). It's the foundation for how data is communicated on the web. And while it's eminently useful, it's also easily hackable. The addition of an "S" as in "https" (and the lock icon), however, tells you that the site is secure. Websites with a padlock icon in the address bar and an [https](#) prefix are encrypted and have a trusted SSL certificate, basically guaranteeing a secure connection between website and browser. If you cannot verify that a website or link is safe with [https](#), be on your guard and do not enter any personal information.

And, do note: cybercriminals do everything in their power to present themselves as legit, so while [https](#) websites are more secure, you could be on to one that is run by a crook. So, if you are still suspicious about an [https](#): site, use the other safety tools below to check if a website is safe.

2 - Website safety tools

- √ **Use your built-in browser tools** — The first tools you should familiarize yourself with are the security measures already in your browser. Look at your privacy and security settings. Chances are, you'll find the default settings are more lax than you like. Manually adjust the rules and settings in the way that makes you comfortable. Block popups, prevent automatic downloads, don't allow tracking. Your options will vary depending on your browser of choice.

- √ **Run an online website safety check** — There are several from which you can choose, but we recommend [VirusTotal](#) for its unbiased position. These online tools use antivirus scanners and other security solutions to check a website for any [threats](#). Simply enter the URL you want scanned into the search bar on the site, and get instant results.
- √ **Install web security tools** — For total website safety confidence, protect yourself with top-of-the-line cybersecurity suites. You can also add the benefit of privacy to website safety if you go with a virtual private network.

3 - Website safety quick research

- √ **Check contact details for the website** — If you've done all of the above and you're still not quite sure, then march on up to the front door and knock. That is to say, find the "Contact Us" info on the site and **give them a call**. Depending on how (and if) they answer will clue you as to whether or not it's a legitimate operation.
- √ **Check if your antivirus has an Anti-Phishing Certificate** — Not all do. Look for 3rd-party labs who test for anti-phishing, such as AV-Comparatives. They test antivirus products against phishing URLs (which attempt to get your personal information) and they check for false positives when it comes to legitimate banking websites, to make sure the security product knows the difference.
- √ **Check to see if the URL has a privacy policy** — this is a no-brainer. If a website doesn't have a privacy policy, that is a red flag as to whether the company is legit or not.
- √ **Look up the domain owner of the website using WHOIS** — You can also research who owns a particular domain by checking the public records available through [a WHOIS search](#). Learn everything about the domain, including who registered it and when.

√
The internet is teeming with phishing scams. No brand is safe from being falsified, and no user is safe from being targeted. More than ever before, we need to take responsibility for our own online safety. Follow the tips above and stay smart. We can give you all the info you need, but your greatest defender is you.

QUESTIONS TO ASK YOUR KIDS AFTER SCHOOL INSTEAD OF “HOW WAS YOUR DAY?”

If your tired of the same, tired, after-school conversations with your kids after a long school day when they don't especially want to chat, you might want to ask some of the following conversation starters.....

1. What made you smile today?
2. Can you tell me an example of kindness you saw/showed?
3. Was there an example of unkindness? How did you respond?
4. Does everyone have a friend at recess?
5. What was the book about that your teacher read?
6. What's the word of the week?
7. Did anyone do anything silly to make you laugh?
8. Did anyone cry?
9. What did you do that was creative?
10. What is the most popular game at recess?
11. What was the best thing that happened today?
12. Did you help anyone today?
13. Did you tell anyone “thank you?”
14. Who did you sit with at lunch?
15. What made you laugh?
16. Did you learn something you didn't understand?
17. Who inspired you today?
18. What was the peak and the pit?
19. What was your least favorite part of the day?
20. Was anyone in your class gone today?
21. Did you ever feel unsafe?
22. What is something you heard that surprised you?
23. What is something you saw that made you think?
24. Who did you play with today?
25. Tell me something you know today that you didn't know yesterday.
26. What is something that challenged you?
27. How did someone fill your bucket today? Whose bucket did you fill?
28. Did you like your lunch?
29. Rate your day on a scale from 1-10.
30. Did anyone get in trouble today?
31. How were you brave today?
32. What questions did you ask at school today?
33. Tell us your top two things from the day (before you can be excused from the dinner table!).
34. What are you looking forward to tomorrow?
35. What are you reading?
36. What was the hardest rule to follow today?

(Continued on page 33)

(Continued from page 32)

37. Teach me something I don't know.
38. If you could change one thing about your day, what would it be?
39. (For older kids): Do you feel prepared for your history test?" or, "Is there anything on your mind that you'd like to talk about?" (In my opinion, the key is not only the way a question is phrased, but responding in a supportive way.)
40. Who did you share your snacks with at lunch?
41. What made your teacher smile? What made him/her frown?
42. What kind of person were you today?
43. What made you feel happy? Proud? Loved?
44. Did you learn any new words today?
45. What do you hope to do before school is out for the year?
46. If you could switch seats with anyone in class, who would it be? And why?
47. What is your least favorite part of the school building? And favorite?
48. If you switched places with your teacher tomorrow, what would you teach the class?

Remember that these are conversation starters. Follow up with related questions and comments and hopefully both you and your child will have a meaningful conversation beyond one-word answers.

From the Editors:

As always, we ask that you make a copy or two of this newsletter to share with friends and neighbors who may not have Internet access. Our readership continues to grow, but we invite others to sign on by sending their email address to rvillenewsletter@gmail.com. We look forward to getting your feedback.

To unsubscribe: Send an email to rvillenewsletter@gmail.com with the word "Unsubscribe" on the subject line. We'd be sorry to see you go, but we will honor your wishes immediately.

Reminder: Audio tapes of Town Board meetings are now available. Those of you wishing to receive such material simply have to shoot an email to rvillenewsletter@gmail.com and let us know that you would like to be put on our recipient list. It is our expectation/hope that these files will be sent to you immediately following the meeting or the very next day.

Audio files tend to be quite large. Therefore, if the audio file is greater than 25 MB (and most of them will be), Gmail automatically adds a Google Drive link in the email instead of including it as an attachment. You, the recipient, can download it so you'll have access to it even if it is removed from Google Drive. A download link will be included in your emails.

Also, for those who want the newsletter but have difficulty with delivery because of its data size, we've launched a new option. Join the R'ville Community Newsletter on Facebook and have it delivered to you online! From there, you can read it, save it, print it - whatever you wish to do! This group also welcomes your comments about the newsletter. Check it out!
